

Klingensmith
v.
Jordan et al.

United States District Court
Western Dist. of Ark.

19:5185/20:5015

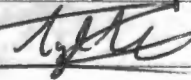

Motion to Refile ECF. 220, 221 and 223; and to
Respond to the Proposed Motion to Dismiss Therein

- 1) Comes now, Tyler Klingensmith, a pro se litigant, and prays for the Court to allow plaintiff to file the Exhibit A under seal of the Court only or to Allow Counsel for CDC to view as well.
- 2) On 9-15-21 plaintiff filed a motion for a five (5) pg. extension to S.J. Opposition; based upon the newly discovered facts, ECF. 222;
- 3) Due to plaintiff's holdings at that time (Ad. Leg.) he was unable to and not allowed to use the telephone at NCW;
- 4) As well, defendants filed a motion and it would cause prejudice to not allow plaintiff to respond, for plaintiff was not aware of the proposed allegations and did not have a chance to position a response, as to his intended result of such allegations;

Wherefore, plaintiff prays for the Court to accept this response
